

10/053,072

Attorney Docket No.: 42P11135

Amendments to the Specification:

Please replace the paragraph on page 7, beginning on at line 22 with the following paragraph where additions are indicated with an underline and deletions are indicated with double brackets:

"The control algorithm that is used to define [[a]] the change to a particle attribute may vary. Typically, an algorithm includes a set of variable definitions, for example:"
